• This page will display any CCD or CBDT certification you have, and their effective dates.

ISCD How-To Documents

How to View Certification Status & credits earned for CCD & CBDT ONLY

• You will also see a Green Checkmark if you are in good standing with your Maintenance of Certification (MOC) dues, and how many credits you have currently earned during your current certification cycle, towards your recertification. This total includes credits earned through ISCD.org and any approved Self-Reported Credits. Your MOC must be in Good Standing as well as having earned a total of at least 35 credits in order for your Certification to automatically be recertified at the end of your 5-year Certification Period.
