Spine Bone Density when Reporting Less than 4 Vertebral Bodies

Contains 5 Component(s), Includes Credits [Send Receipt](#) ★ Required components before completion: 3

▼ Hide

BOTH ACCME AND ASRT
CREDITS

Expires 6/14/2026: The consideration of how to best report less than 4 vertebrae for spine BMD is frequently discussed. This issue was addressed during the last position development conference. This lecture will review how this should best be evaluated and reported along with taking into account trabecular bone score reporting in this situation as well.
